1.1 comment in text [44%]

1.1.1 TODO JI Logo Team Logo

1.1.2 TODO Need to clarify the audience

1.1.3 TODO Need to strengthen the relationship between needs and audience

1.1.4 TODO Need to state material

1.1.5 TODO Need to take care of messy code

1.1.6 DONE Need to take care of the usage of bullet point(no logic sequence) and numerical point(logic sequence).

1.1.7 DONE Put objectives before solution

1.1.8 DONE Split the graphs.

1.1.9 DONE Its better to put figures right below corresponding texts.

1.1.10 TODO Difficulties should be specified in the tasks section.

1.1.11 TODO No pictures or visuals of the hardware mentioned.

1.1.12 DONE Highlight the key terms that belong to you like matcher.

1.1.13 TODO (In 6.1.1 After the process)(process) device or the process. Best to keep diagrams close when referring to them.

1.1.14 DONE (6.1.2) What is the main loop?

explained

- 1.1.15 **TODO** (6.1.2)(...the physical part of the mobile part of ...) Can be more technical here to give a stronger argument.
- 1.1.16 **TODO** (6.1.3)(Fill the blank and finally) Give more details and words to be clear.
- 1.1.17 **DONE** (Page6 figure2) No labels for diagrams
- 1.1.18 **DONE** (Figure3) Can be enlarged.
- 1.2 **comment in the pictures [66%]**
- 1.2.1 **DONE** CAP for unity name
- 1.2.2 **DONE** "Processor" is vague
Changed into "the process of Matcher or Scaler function"
- 1.2.3 **TODO** visual of the hardware
- 1.2.4 **DONE** explain main loop
Added "the loop in which the program will be in after initial setup"
- 1.2.5 **DONE** wrong punctuation "function, matcher, scaler"
changed into "which are"
- 1.2.6 **DONE** "physical part" not technical
change to gyroscope speaker
- 1.2.7 **TODO** not accurate in explanation of 7 tones in music
- 1.2.8 **DONE** don't omit "do re mi. . . "
change into whole
- 1.2.9 **TODO** give visual of the ruler
